

Comparator Selection Subgroup
23 March 2018
Communique

The Comparator Selection Subgroup met in Canberra on Friday 23 March 2018. Attendees included representatives from Medicines Australia, industry and the Department of Health.

The Comparator Selection Subgroup will focus on issues affecting the selection of comparators for new medicines and advise options for next steps.

The Comparator Selection Subgroup Scope is still under review and will be published online once finalised and endorsed by the Access to Medicines Working Group.
