

**Uptake Drivers for Generic and Biosimilar Medicines Subgroup  
15 November 2017  
Communique**

The Uptake Drivers for Generic and Biosimilar Medicines subgroup met on 15 November 2017. Attendees included representatives from the Generic and Biosimilar Medicines Association, industry and the Department of Health.

This was the first meeting of the Uptake Drivers for Generic and Biosimilar Medicines subgroup.

Members discussed the role of the subgroup and agreed to finalise the scope and work plan out of session. It was also agreed a communique will be published after each subgroup meeting.
