

ATTACHMENT: INCREASED DISPENSING QUANTITIES - LIST OF MEDICINES

This attachment includes the medicines recommended as suitable by the PBAC for listing on the PBS with increased dispensed quantities. Please note that some strengths, forms and indications of a medicine may not be included in the recommended list below. The PBS item codes in this document are those listed on the PBS Schedule effective 1 July 2018.

Table 1: PBS medicines found suitable by the PBAC for listing with additional item codes for increased dispensed quantities (143 medicines/348 PBS item codes).

Table 2: PBS medicines currently available under the *12 month repeat measure* found suitable for amendment in accordance with the PBAC recommendations for increased dispensed quantities (19 medicines/41 PBS item codes).
